

ASG Elections – Campaign Etiquette

Listed are important guidelines about conducting an election campaign. Noncompliance can lead to removal from the campaign/election process. LeMont is available in the Student Diversity Center if you have questions.

- ◆ Candidates are expected to conduct their campaign without assistance and/or use of **any** college resources. This includes, but is not limited to, printing, paper and supplies. Do not ask faculty or staff to assist with campaign-related activities. If unsure, please ask the ASG staff.
- ◆ Candidates will have an opportunity to share a 2-3 sentence campaign platform and qualifications with students.
- ◆ Posted materials: All campaign materials **must** be approved by ASG staff prior to distribution.
- ◆ Access to programs and classrooms: Most instructors have a “no guest policy.” In order to gain access to programs and classrooms, candidates must request time from the faculty member; if a specific day/time is given, candidates must adhere to the predetermined appointment.
- ◆ Restrictions on posting: Campaign materials cannot be posted on walls, access doors, glass along the sky bridge, or on classroom doors without the instructor’s permission. No visible indication should be left once materials are removed. (Painter’s tape is recommended.)
- ◆ Please respect the campaign efforts of others. Do not remove, deface or damage the campaign materials of other candidates. Violators will be removed from the election/campaign process.
- ◆ ASG elections will be conducted online (Student E-News, technology lab at South, etc.)
- ◆ Candidates should be encouraging students to cast their vote during elections.
- ◆ Campaign materials must be taken down immediately following the last day of voting.

The biggest complaint from students is they don’t know the candidates, so they are not interested in voting. It is important to get out and visibly campaign on all three campuses!
