For more than 80 years, Bates Technical College has been educating our community. Originally named Tacoma Vocational School, the college was renamed in 1969 to honor longtime director LaVerne Bates. Bates was instrumental in bringing technical education to Washington state in the early 1940s to support the country’s war efforts.

We are proud of our long history and are glad you will become a part of it. From the beginning, career education has been the primary focus of the college.

Our supportive faculty and staff are here to help you plan your education and reach your goals. As a Bates Technical College student, you will learn the skills required to be successful in a learning environment that mirrors the workplace. A leader in hands-on education, Bates Technical College prepares you for employment where expectations for your attendance, behavior and dedication are the same as if your instructor were your employer. We expect you to meet academic standards within a hands-on approach to career education, which is designed to prepare you for entry-level employment. Please also take advantage of the myriad of Campus Life and Activities student clubs, events and services.

Our diverse student body is comprised of high school students, young adults pursuing career paths, college graduates seeking specific career training, those exploring career changes and community members enjoying extended learning opportunities. We value diversity in our students and our employees, and we enjoy the interchange of ideas, cultures and customs among all members of our college community.

Accreditation
Bates Technical College is accredited by the Northwest Commission on Colleges and Universities.
ADMISSIONS

Bates Technical College complies with WAC 131-12-010 – Minimum standards for admission to a community or technical college. Students who meet admission requirements are admitted to Bates Technical on a first come, first served basis. Bates Technical College has an open-door admissions policy and does not discriminate in its educational programs.

An admitted student will have met the college’s admission requirements. However, specific program prerequisites shall be met by the date of enrollment into a program. In addition, the student:

- Is deemed able to profit from the curricular offerings of the college;
- Complies with the rules and procedures established for enrollment into college programs or educational offerings; and
- Would not, by their presence or conduct, create a disrupting atmosphere within the college inconsistent with the purpose and goals of the institution.

In accordance with WAC 131-12-010, any potential student applying for admissions to Bates Technical College shall be admitted when, as determined by the Vice President of Student Services or designee that such applicant is:

- Competent to profit from the curricular offerings of Bates Technical College and would not, by their presence or conduct, create a disruptive atmosphere that is inconsistent with the purpose and values of the college; and
- Eighteen years of age or older or is a high school graduate or has applied for admission under the provisions of the Bates Technical High School or Running Start programs.

In addition, an applicant may be admitted to the college when such applicant:

- Complies with the rules and procedures established for enrollment into college programs or educational offerings; and
- If an international student, is in full compliance with immigration regulations.

An applicant transferring from another institution of higher education who meets the above criteria, but who is not in good standing at the time of their transfer, may be conditionally admitted to Bates Technical College on a probationary status as determined by the Vice President of Student Services or designee.

Should an applicant be denied admission, the applicant has the right to appeal the decision in writing to the Registrar’s Office.

In addition, the college refrains from high-pressure recruitment tactics such as making multiple unsolicited contacts (3 or more), including contacts by phone, email, or in-person, or engage in same-day recruitment and registration for the purpose of securing student enrollments.
ATTENDANCE AND ENROLLMENT PLANNING

Application for Credentials Completion
In order to receive a diploma and/or be certified for completion in any of Bates Technical College’s degrees or certificate, the student must submit a Credential Application form to the Registration Office, Downtown Campus, Room A210. The student’s required signature on the form indicates accuracy of the information provided. A fee will be assessed for all diploma reprints. The credential application can be found online at the Bates website https://my.batestech.edu/ under “Bates Forms.”

To be eligible for a credential a student must have:
- Met all program requirements
- A cumulative college-level GPA of 2.0
- Completed 30 credits toward their credential at Bates Technical College
- Submitted a Credential Application

Attendance Policy
The student is expected to attend all classes for which the student is registered in order to gain the maximum benefit. The instructor may establish an attendance policy for the program. It is the responsibility of the student to know and comply with the policy. Programs having established attendance policies will include relevant information in course syllabi. Financial aid recipients are subject to the Student Financial Aid Satisfactory Academic Progress policy.

A student who does not attend the first three class sessions, includes career training or general education courses, and/or comply with the established attendance policy for the class or program may forfeit the right to continue and may be subject to administrative withdrawal.

Student attendance is gathered to demonstrate the same requirements that are necessary on the job and to satisfy reporting requirements for financial aid, funding agencies, and state funding.

General Education Planning
General education courses are an important component of career education and most students complete general education requirements at Bates Technical College.

Students who have completed general education courses at another accredited college can request to transfer credits to Bates Technical College by providing the registration office with an official transcript and submitting a Request for Credit Evaluation form. The credentials evaluator will determine whether courses can be applied to students’ credential completion requirements. Students may receive transfer credits based upon an evaluation of courses taken while in military service or by passing recognized post-secondary equivalency exams such as DANTES, CLEP, or Advanced Placement/International Baccalaureate in a relevant subject area.

The transferability of general education credits earned at Bates Technical College to another college is subject to the policies of that receiving institution.

General Education Requirements
Degrees and certificates of more than 45 credits in Bates’ career education programs require general education courses. Requirements vary depending on the program area, the credential, and the track a student chooses to pursue.
Career advisors assist students with planning to meet general education requirements. Students are advised to complete general education requirements as early in their career education program as possible. General education courses include both college level (numbered 100 and above) and pre-college level (numbered 90-99). Associate degrees require completion of a specified number and distribution of college-level general education courses.

**Grading Procedures**

The following grading practices support academic freedom and provide a uniform and fair grading system for students and faculty.

1. Instructors select the criteria used to grade the courses they teach, and how those criteria will be weighted. Elements that contribute to grades can be as broad as needed and may include various methods of measuring student learning and achievement. For example: a possible combination of test scores, assignments, evaluation of lab/shop work, attendance, workplace behaviors evaluation, and other elements may be used.

2. At the beginning of each course students will be provided with a syllabus detailing what will be learned in the course and how outcomes will be measured and graded. Grading information will explain how the various factors will be weighted and how they contribute to the final grade.

3. Reporting:
   - Numerical grades earned by students will be reported for each course at the end of the quarter using a scale from 4.0 to 1.0, or 0.0, and will apply to grade point average (GPA) calculations.
   - Numerical grades may be considered equivalent to letter grades as follows:

<table>
<thead>
<tr>
<th>Numerical Grades</th>
<th>Letter Grades</th>

</thead>
<tbody>
<tr>
<td>4.0</td>

- **S**: Satisfactory completion of a pass/fail course (not factored in GPA) with a student performance level of at least 2.0.
- **U**: Unsatisfactory completion of a pass/fail course (not factored in GPA) with a student performance level below a 2.0.
- **W**: Withdrawal – not counted in GPA
- **IC**: Incomplete
- *****: Assigned when grades are not submitted by the instructor in time to be processed. After the grades are submitted, the earned grade will be recorded on the student’s record.
4. **Withdrawals (W)**
   Students will be allowed to self-withdraw from courses within 45 calendar days of the start date and receive a “W” grade.

5. **Incomplete marks (IC)**
   a. An incomplete (IC) may be granted for a course in which the student enrolled, but did not complete all work required to earn a grade due to unusual or emergency circumstances beyond the student’s control.
   b. An IC is not a student right, but is an instructor-granted extension of the time needed to finish and submit required work the student was unable to complete during the regular course timeframe.
   c. The student need not re-register nor pay additional tuition in the following quarter for the individual course in which an IC is granted.
   d. An instructor may give an IC to a student provided there is a written contract in place between the student and the instructor specifying:
      - what work must be completed
      - by what date the work will be completed
      - what the final grade for the course will be if the student does not complete all required work by the required date
   e. If the student fails to complete the required work by the deadline set by the instructor (in no case beyond the end of the subsequent quarter), the IC will default to the grade designated on the contract.

**Academic Standards Procedure**

Bates’ Academic Standards Procedure was established to maintain excellence in academic standards and to encourage students to assume responsibility for their own academic progress. Academic standards procedures also ensure that students with educational difficulties are informed of the many resources available at Bates. FINANCIAL AID & FUNDING RESOURCES

Financial Aid

www.BatesTech.edu/financialaid

It is the basic belief of all financial aid programs that the primary responsibility for meeting college costs lies with the student. If a student and their family cannot meet the full cost of education, the Financial Aid Office, through available financial aid programs, helps students and their parents meet the cost of their education.

These funds can come from a variety of sources such as the federal government, the state government, private sources and from the school itself. Financial aid may be awarded in the form of a grant or scholarship; a loan—funds which must be repaid; or employment—where a student works to earn money for school in the form of a paycheck. The type of aid you receive will be based upon your "need" as determined by the federal methodology. All aid can be accepted or declined by the student; but, in some cases, if declined, it will not be replaced by other sources of funding. For detailed information about types of financial aid funding, see Types of Funding on the financial aid website.

Chapter 495A-121-010 Preamble.

Bates Technical College is a two-year public institution of higher education. The college is maintained by the state of Washington for the provision of programs of instruction in higher education and related community services. Broadly stated, the purpose of the college is to provide opportunities for all who desire to pursue educational goals. Like any other institution having its own special purposes, the college must maintain conditions conducive to the effective performance of its functions. To implement this objective, it is necessary to ensure that an environment is created wherein all students may progress in accordance with their capability and intensity of interest. The responsibility to create and maintain such an environment is shared by all members of the college community.

(2) Due process.

(a) The college assures the rights of students to be secure in their persons, quarters, papers, and effects against unreasonable searches and seizures.

(b) No disciplinary sanction may be imposed on any student without notice to the accused of the nature of the charges.

(1) Honest assessment of student performance is of crucial importance to all members of the college community. It is the responsibility of the college administration and teaching faculty to provide reasonable and prudent security measures designed to minimize opportunities for acts of performance dishonesty which occur at the college.

(2) The student code of conduct shall not be construed as preventing an instructor from taking immediate disciplinary action when the instructor is required to act upon such breach of performance dishonesty in order to preserve order and prevent disruptive conduct in the classroom. This section shall also not be construed as preventing an instructor from adjusting the student's grade on a particular project, paper, test, or class grade for performance dishonesty. Acts of performance dishonesty shall be cause for disciplinary action. Acts of dishonesty shall consist of, but not be limited to, the following:

(a) Any student who, for the purpose of fulfilling any assignment or task required by a faculty member as part of the
student’s program of instruction, shall knowingly tender any work product that the student fraudulently represents to the faculty member as their own work, shall be deemed to have committed an act of performance dishonesty.

(2) Bringing any person, thing, or object to a teaching and learning environment that may disrupt the environment or cause a safety or health hazard without the expressed approval of the faculty member is prohibited.

(3) Faculty members have the right to temporarily suspend any student(s) from their classroom/course/lab/clinical/activity for up to three days if the student’s misconduct creates disruption to the point that it is difficult or impossible to maintain the decorum of the class, related activity, or the learning and teaching environment. The faculty member’s syllabus shall outline how an absence of this type will impact the student’s responsibilities in completing assignments, other coursework, or activities. The faculty member shall report this temporary suspension to the student conduct officer or designee on the same day. In consultation with the faculty member, the student conduct officer may set conditions for the student that must be followed upon returning to the class or activity.

(4) The suspension of up to three days discussed in subsection (3) of this section shall not be subject to any further appeal or review. However, any further discipline imposed by the student conduct officer or designee shall be processed in accordance with this chapter.

(1) WAC 495A-121-044 Disciplinary sanctions.

The following disciplinary sanctions may be imposed upon students found to have violated the student conduct code. Depending upon the misconduct, more than one sanction may be imposed. Other than college dismissal or revocation or withholding of a degree or certificate, disciplinary sanctions are not made a part of the student’s academic record but are part of the student’s disciplinary record. Violation of any term or condition of a disciplinary sanction constitutes a new violation and may subject the student to additional sanctions.

(1) Disciplinary warning. A verbal statement to a student that there is a violation and that continued violations may be cause for further disciplinary action.

(2) Written reprimand. Notice in writing that the student has violated one or more terms of this code of conduct and that continuation of the same or similar behavior may result in more severe disciplinary action.
(3) Disciplinary probation. Formal action placing specific conditions and restrictions upon the student's continued attendance depending upon the seriousness of the violation and may include a deferred disciplinary sanction. If the student subject to a deferred disciplinary sanction is found in violation of any college rule during the time of disciplinary probation, the deferred disciplinary sanction may include, but is not limited to, a suspension or a dismissal from the college that shall take effect immediately. If the deferred sanction is a suspension in excess of ten days or a dismissal, the student shall have a right to appeal to the student/faculty disciplinary committee. Other deferred sanctions shall be subject to brief administrative proceedings as described in this chapter.

Any sanction shall be in addition to any sanction or conditions arising from the new violation. Probation may be for a limited period of time or may be for the duration of the student's attendance at the college.

(4) Disciplinary suspension. Dismissal from the college and from the student status for a stated period of time. There will be no refund of tuition or fees for the quarter in which the action was taken.

(5) Dismissal. The revocation of all rights and privileges of being a student at Bates Technical College and exclusion from all college campuses and college owned or controlled facilities without any possibility of returning. There is no refund of tuition or fees for the quarter in which the action is taken.

Disciplinary terms and conditions that may be imposed in conjunction with the imposition of a disciplinary sanction include, but are not limited to, the following:

(6) Educational sanction. The college may require the student to complete an educational activity or experience directly related to the violation committed at the student's expense.

(7) Professional evaluation. Referral for drug, alcohol, psychological, or medical evaluation by an appropriately certified or licensed professional may be required. The student may choose the professional within the scope of practice and with the professional credentials as defined by the college. The student will sign all necessary releases to allow the college access to the evaluation. The student's return to college may be conditioned upon compliance with recommendations set forth in a professional evaluation. If the evaluation indicates that the student is not capable of functioning within the college community, the student remains suspended until further evaluation recommends that the student is capable of reentering the college and complying with the rules of conduct.

(8) Not in good standing. If a student is deemed not in good standing with the college, the student is subject to the following restrictions:

(a) Ineligible to hold an office in any student organization recognized by the college;

(b) Ineligible to hold an elected or appointed office of the college; and

(c) Ineligible to represent the college to anyone outside the college community in any capacity including representing the college at any official function or any forms of intercollegiate competition or representation.

(9) Restitution or monetary fine. Reimbursement for damage to or misappropriation of property, for injury to persons, or for reasonable costs incurred by the college in pursuing an investigation or disciplinary proceeding. This may take the form of monetary reimbursement, appropriate service, monetary fine, or other compensation.

(10) Revocation of admission, degree, or certificate. Admission to or the award of a degree or certificate from the college may be revoked for fraud, misrepresentation, violation of standards of conduct for students in obtaining the degree or certificate, or other serious violations committed by a student prior to graduation.

(11) Withholding degree or certificate. The college may withhold awarding a degree or certificate otherwise earned
until the completion of the process set forth in this chapter and including the completion of all sanctions imposed.

(12) No trespass order. A student may be restricted from college property based on misconduct.

(13) No contact order. An order directing a student to have no contact with a specified member of the college community, visitor, or a particular college facility.

(1) All disciplinary actions are initiated by the student conduct officer. If the respondent has submitted an active complaint against the student conduct officer, the president shall, upon request, designate another person to fulfill any disciplinary responsibilities relative to the complaint.

(2) For all complaints relating to violations of Title IX, the college shall follow chapter 495A-115 WAC.

(3) For all other disciplinary matters, the student conduct officer initiates disciplinary action by serving the respondent with written notice directing the student to attend a disciplinary meeting. The notice briefly describes the factual allegations, the provision(s) of the student conduct code that the respondent is alleged to have violated, the range of possible sanctions for the alleged violation(s) and specifies the time and location of the meeting. At the meeting the student conduct officer presents the allegations to the respondent, and the respondent is afforded an opportunity to explain what took place. If the respondent fails to attend the meeting after proper service of notice, the student conduct officer may take disciplinary action based upon the available information.

(4) Within ten days of the initial disciplinary meeting and after considering the evidence in the case including any facts or argument presented by the respondent, the student conduct officer will serve the respondent with a written decision setting forth the facts and conclusions supporting the decision, the specific student conduct code provisions found to have been violated, the discipline imposed, if any, and a notice of appeal rights with an explanation of the consequences of failing to file a timely appeal.

(5) The student conduct officer may take any of the following disciplinary actions:

(a) Exonerate the respondent and terminate the proceedings;

(b) Impose a disciplinary sanction(s) as described in WAC 495A-121-044; or

(c) Refer the matter directly to the student/faculty disciplinary committee for disciplinary action as the committee deems appropriate. This referral is in writing, to the attention of the chair of the student/faculty disciplinary committee, and with a copy served on the respondent.

Summary suspension procedures.

Summary suspension is a temporary exclusion from specified college premises or denial of access to all activities or privileges for which a respondent might otherwise be eligible while an investigation or formal disciplinary procedure is pending.

(1) The student conduct officer may impose a summary suspension if there is probable cause to believe that the respondent:

(a) Has violated any provision of the student conduct code and presents an immediate danger to the health, safety, or welfare of members of the college community or visitors; or

(b) Poses an ongoing threat of substantial disruption of or interference with the operations of the college.

(2) Notice. Any respondent who has been summarily suspended will be served with oral or written notice of the summary suspension. If oral notice is given, a written notification will be served on the respondent within two days of the oral notice by the student conduct officer.

(3) The written notification is entitled "notice of summary suspension" and includes:

(a) The reasons for imposing the summary suspension including a description of the conduct giving rise to the summary suspension and reference to the provisions of the student conduct code or the law allegedly violated;

(b) The date, time, and location when the respondent must appear before the conduct review officer for a hearing on the summary suspension; and

(c) The conditions, if any, under which the respondent may physically access the college premises or communicate with members of the college community and visitors. If the respondent has been trespassed from the college premises, a notice against trespass will be included that warns the respondent that the privilege to enter into or remain on college premises has been withdrawn and that the respondent is considered trespassing and subject to arrest for criminal trespass. The respondent may only enter the college premises for a scheduled meeting with the student conduct officer or conduct review officer or to attend a disciplinary hearing.

(4) The conduct review officer shall conduct a hearing on the summary suspension as soon as practicable after imposition of the summary suspension.

(a) During the summary suspension hearing, the issue before the conduct review officer is whether there is probable cause to believe that summary suspension should be continued pending the conclusion of disciplinary proceedings and whether the summary suspension should be less restrictive in scope.

(b) The respondent is afforded an opportunity to explain why summary suspension should not be continued while disciplinary proceedings are pending or why the summary suspension should be less restrictive in scope.

(c) If the respondent fails to appear at the designated hearing time, the conduct review officer may order that the summary suspension remain in place pending the conclusion of the disciplinary proceedings.

(d) As soon as practicable following the hearing, the conduct review officer shall issue a written decision that includes a brief explanation for any decision continuing or modifying the summary suspension and notice of any right to
appeal.

(e) To the extent permissible under applicable law, the conduct review officer shall provide a copy of the decision to all persons or offices who may be bound or protected by it.

(5) In cases involving allegations of Title IX sexual misconduct, the college shall follow chapter 495A-115 WAC.

(1) WAC 495A-121-063 Appeals of disciplinary action.
For complaints involving alleged violations of Title IX refer to chapter 495A-115 WAC. For other disciplinary actions:

(1) The respondent may appeal a disciplinary action by filing a written notice of appeal with the conduct review officer within ten days of service of the student conduct officer's decision. Failure to timely file a notice of appeal constitutes a waiver of the right to appeal, and the student conduct officer's decision is deemed final.

(2) The notice of appeal must include a brief statement explaining why the respondent is seeking review.

(3) The parties to an appeal are the respondent and the conduct review officer.

(4) A respondent who appeals a disciplinary action within the ten days of service or whose case is referred to the student/faculty disciplinary committee has a right to a prompt, fair, and impartial hearing as provided for in these procedures.

(5) On appeal the college bears the burden of establishing the evidentiary facts underlying the imposition of a disciplinary sanction by a preponderance of the evidence.

(6) Imposition of disciplinary action for violation of the student conduct code will be delayed pending appeal, unless the respondent has been summarily suspended.

(7) The student/faculty disciplinary committee shall hear appeals from:

(a) The imposition of disciplinary suspensions in excess of ten days;

(b) Dismissals; and

(c) Discipline cases referred to the committee by the student conduct officer, the conduct review officer, or the president.

(8) Student conduct appeals from the imposition of the following disciplinary sanctions shall be reviewed through a brief adjudicative proceeding:

(a) Suspensions of ten days or less;

(b) Disciplinary probation;

(c) Written reprimands; and

(d) Any conditions or terms imposed in conjunction with one of the foregoing disciplinary actions.
(9) Except as provided elsewhere in these rules, disciplinary warnings and dismissals of disciplinary actions are final action and are not subject to appeal.

(10) Brief adjudicative proceedings and the initial hearing shall be conducted by a conduct review officer. The conduct review officer will not participate in any case in which:

(a) The individual is involved as a complainant or witness;

(b) There is direct or personal interest, prejudice, or bias; or

(c) The conduct review officer has taken previous actions in an advisory capacity.

(11) The parties to a brief adjudicative proceeding are the respondent and the college, represented by the student conduct officer. Before taking action, the conduct review officer will conduct an informal hearing and provide the party:

(a) An opportunity to be informed of the college's view of the matter; and

(b) An opportunity to explain the party's view of the matter.

(12) The conduct review officer will service an initial decision upon both the respondent and the student conduct officer within ten days of the completion of the informal hearing. The initial decision contains a brief written statement of the reasons for the decision and information about how to seek administrative review of the initial decision. If no request for review is filed within ten days of service of the initial decision, the initial decision is deemed the final decision.

(13) If upon review the conduct review officer determines that the respondent's conduct may warrant imposition of a disciplinary suspension of more than ten days or dismissal, the matter will be referred to the student/faculty disciplinary committee for a disciplinary hearing.

(14) An initial decision from the brief adjudicative proceeding is subject to review by the president provided a party files a written request for review with the conduct review officer within ten days of service of the initial decision.

(15) The president will not participate in any case in which:

(a) They were involved as a complainant or witness;

(b) There is direct or personal interest, prejudice or bias; or

(c) Previous actions have been taken in an advisory capacity.

(16) During the review, the president will give each party an opportunity to file written responses explaining their view of the matter and will make any inquiries necessary to ascertain whether the sanctions should be modified or whether the proceedings should be referred to the student/faculty disciplinary committee for a formal adjudicative hearing.

(17) The decision on review must be in writing, must include a brief statement of the reason for the decision, and must be served on the parties within twenty calendar days of the initial decision or of the request for review, whichever is later. The decision on review will contain a notice that judicial review may be available. If the president does not make a disposition of the matter within twenty calendar days after the request is submitted, a request for review is deemed denied.
(18) If upon review the president determines that the imposed sanctions are insufficient and that the respondent's conduct may warrant imposition of a heightened disciplinary suspension of more than ten days or dismissal, the matter will be referred to the student/faculty disciplinary committee for a disciplinary hearing.

(c) One faculty member or administrator who is other than an administrator serving as a student conduct officer or conduct review officer and appointed as chair by the president for a term of up to two academic years.

(d) Members may be reappointed for subsequent terms. Any member may be replaced by the appointing authority for the remainder of the term for good cause shown.

(2) The faculty member or administrator appointed as the chair of the committee may take action on preliminary hearing matters prior to convening the committee. The chair will receive annual training on protecting victims and promoting accountability in cases involving allegations of sexual misconduct.

(3) Hearings may be heard by a hearing panel consisting of a quorum of three members of the committee provided one faculty member and one student are included on the hearing panel. Committee action may be taken upon a majority vote of all committee members attending the hearing.

(4) Members of the student/faculty disciplinary committee will not participate in any case in which:

(a) They are a party, complainant, or witness;

(b) They have direct or personal interest, prejudice, or bias; or

(1) WAC 495-121-065 Procedural guidelines of the Student/Faculty Disciplinary Committee.

In addition to this chapter, the student/faculty disciplinary committee shall follow WAC 495A-115-050 through 495A-115-080 when handling allegations of Title IX violations. For other disciplinary actions:

(1) Proceedings of the student/faculty disciplinary committee shall be governed by the Administrative Procedure Act, chapter 34.05 RCW.

(2) The student/faculty disciplinary committee chair will serve all parties with written notice of the hearing not less than seven calendar days in advance of the hearing date. The chair may shorten this notice period if both parties agree and also may continue the hearing to a later time for good cause shown.

(3) The committee chair is authorized to conduct prehearing conferences or to make prehearing decisions concerning the extent and form of the discovery, issuance of protective decisions, and similar procedural matters.

(4) A request filed at least five days before the hearing by a party or at the direction of the committee chair will result in the parties exchanging no later than the third day prior to the hearing the lists of potential witnesses and copies of potential exhibits that they reasonably expect to present to the committee. Failure to participate in good faith in the requested exchange may be cause for exclusion from the hearing of the witness or exhibit not disclosed, absent a showing of good cause for the failure.

(5) In advance of the hearing the committee chair may provide to the committee copies of:

(a) The conduct officer’s notification of the imposition of discipline or referral to the committee; and

(b) The notice of appeal or response to the referral by the respondent. If doing so, the chair should remind the members that these pleadings are not evidence of any facts they may allege.

(6) Before the hearing the parties may agree to designate specific exhibits as admissible without objection and whether the committee chair may provide copies of these admissible exhibits to the committee members in advance of the hearing.

(7) Upon request the student conduct officer will provide reasonable assistance to the respondent in obtaining relevant and admissible evidence that is within the college’s control.

(8) With the exception of procedural communications that are necessary to maintain an orderly process, communications between committee members and other hearing participants regarding issues in the proceeding are generally prohibited without notice and opportunity for all parties to participate, and improper "ex parte" communication will be placed on the record as further provided in RCW 34.05.455.

(9) Each party may be accompanied at the hearing by a non attorney assistant of the party’s choice. A respondent or complainant may elect to be represented by an attorney at their own cost and will be deemed to have waived that right unless at least four days before the hearing written notice of the attorney’s identity and participation is filed with the committee chair with a copy to the student conduct officer. The committee is ordinarily advised by an assistant attorney general. If the respondent or the complainant is represented by an attorney, the student conduct officer also may be represented by a second assistant attorney general.

(10) Upon the failure of any party to attend or participate in a hearing the student/faculty disciplinary committee
may:

(a) Proceed with the hearing and issuance of its decision; or

(b) Serve a decision of default in accordance with RCW 34.05.440.

(11) The hearing ordinarily is closed to the public. However, if all parties agree on the record that some or all of the proceedings be open, the chair will determine the extent to which the hearing is open. If any person disrupts the proceedings, the chair may exclude that person from the hearing room.

(12) The chair shall cause the hearing to be recorded by a method the chair selects in accordance with RCW 34.05.449. The recording or a copy will be made available to the party upon request. The chair shall assure maintenance of the record of the proceeding that is required by RCW 34.05.476 that also shall be available upon request for inspection and copying by the party. Other recording also shall be permitted in accordance with WAC 10-08-190.

(13) The chair shall preside at the hearing and decide procedural questions that arise during the hearing except as overridden by majority vote of the committee.

(14) The student conduct officer will present the case for imposing disciplinary sanctions unless represented by an assistant attorney general.

(15) All testimony shall be given under oath or affirmation. Evidence shall be admitted or excluded in accordance with RCW 34.05.452.

(16) At the conclusion of the hearing the student/faculty disciplinary committee shall permit the parties to make closing argument, and the committee will determine the form to be used. The committee also may permit each party to propose findings, conclusions, or a proposed decision for its consideration.

(17) Within thirty calendar days following the later of the conclusion of the hearing or the committee's receipt of closing arguments, the committee shall issue an initial decision in accordance with RCW 34.05.461 and WAC 10-08-210. The initial decision will include findings on all material issues of fact, conclusions on all material issues of law, and provisions of the student conduct code that were violated. Those findings based substantially on the credibility of evidence or the demeanor of witnesses will be identified.

(18) The committee's initial decision will include a determination on appropriate discipline, if deemed applicable. If the matter was referred to the committee by the student conduct officer, the committee shall identify and impose disciplinary sanction(s) or condition(s), as authorized in the student conduct code. If the matter is an appeal by the respondent, the committee may affirm, reverse, or modify the disciplinary sanction(s) or condition(s) imposed by the student conduct officer or impose additional disciplinary sanction(s) or condition(s) as authorized herein.

(19) The committee's initial decision also will include a statement of the available procedures and time frames for seeking reconsideration or appeal.

(20) The committee chair shall cause copies of the initial decision to be served on the parties and their legal counsel of record. The committee chair also will promptly transmit a copy of the decision and the record of the committee's proceedings to the president.

**WAC 495A-121-066 Appeal of the student/faculty disciplinary committee's decision.**

For complaints involving student misconduct that allege Title IX violations refer to WAC 495A-115-080 for a description of the appeal procedure. For other disciplinary complaints:

(1) A respondent who is aggrieved by the findings or conclusions issued by the student/faculty disciplinary committee may appeal the committee's initial decision to the president by filing a written notice of appeal with the president's office within ten days of service of the committee's initial decision. Failure to file a timely appeal constitutes a waiver of the right, and the initial decision is deemed final.

(2) The written notice of appeal must identify the specific findings of fact and conclusions of law in the initial decision that are challenged and must contain arguments why the appeal should be granted. The president's review is restricted to the hearing record made before the student/faculty disciplinary committee and normally limited to a review of those issues and arguments raised in the notice of appeal. If necessary to aid review, the president may ask for additional briefings from the parties on issues raised on appeal.

(3) The president will provide a written decision to the respondent and the student conduct officer within thirty calendar days after receipt of the notice of appeal. The president's decision is final and includes a notice of the rights to request reconsideration or judicial review.

(4) The president has discretion to suspend the disciplinary action pending review of the merits of the findings, conclusions, and disciplinary actions imposed.

(5) Per RCW 34.05.455 the president shall not engage in improper "ex parte" communication with the parties regarding an appeal.

Title IX and Harassment Reporting

The College will follow the new Title IX guidance that was put into effect on August 14, 2020. We are currently updating our policies to align with this change. In compliance with Title IX of the Education Amendments of 1972, Bates Technical College does not discriminate on the basis of sex in employment or in its educational
programs and activities. It is Bates Technical College’s goal to maintain an environment that is free from all forms of illegal harassment and discrimination, including bullying, hazing, sexual harassment, sexual violence, sexual coercion, rape and sexual assault.

Federal and State laws, as well as college policies, protect faculty, staff, and students against discrimination based on the following legally-protected characteristics: race, color, creed, religion, national origin, sex (including pregnancy and parenting status), age, disability, marital status, sexual orientation, gender identity and expression, genetic information and veteran status.

The college’s discrimination complaint procedure provides an administrative process (not legal or criminal) for prompt and equitable investigation and resolution of complaints alleging violations of civil rights laws, to include Title IX, unfair treatment based on any of the protected categories, bullying, hazing, sexual harassment, sexual violence, sexual coercion, rape, or sexual assault.

If you have experienced discrimination or harassment, sexual harassment, sexual assault or sexual violence, you have resources and reporting options. If an incident occurs to you, or you know of an incident, please immediately contact at least one of the people listed below.
